B.S. in Social Anthropology – Universidad Católica, Peru Fall 1996

Experience and Skills

Workshop Development, Delivery & Assessment

Designed, developed, and delivered cultural competency workshops for HIV prevention counselors and human service providers.

Delivered facilitation skills workshops for beginning facilitators.

Designed training materials for face-to-face and e-learning training programs.

Organized and led professional development workshops for HIV prevention trainers.

Provided instructional and facilitation guidance to new trainers.

Developed and delivered synchronous and asynchronous e-learning modules for national audiences.

Used role-playing, simulations, team exercises, group discussions, videos and lectures to instruct participants in a variety of ways.

Provided technical assistance to health departments and community-based organizations on different aspects of behavioral intervention programs for HIV prevention.

Designed and delivered cultural competence, conflict resolution, and communication skills curricula for case managers working with diverse families.

Assessed training needs through surveys, interviews with employees, focus groups and consultation with managers.

Provided tailored consultations and workshops to Berkeley faculty to support their transition to Canvas.

Instructional Design

Problem-solved technical issues with Berkeley faculty around issues related to the pedagogical applications of their new Learning Management System (LMS), Canvas.

Maintained, updated and re-created the ETS bSpace Replacement Project Drupal website at UC Berkeley.

Developed Interactive online tutorials for faculty to ease their transition to Canvas .

Designed simple, concise and visually pleasing communications to engage faculty as they transitioned to Canvas .

Produced multimedia packages using iMovie, Audacity, Adobe Captivate and Camtasia.

Experience using Photoshop, Illustrator and InDesign to create and manipulate images, and to design online and for-print layouts.
